

February 10, 2018

I have a business with 17 employees and have had uniform problems/issues for years.

Until I met Jordan Walker from Max I Walker uniform rental. Jordan came in four years ago and promised higher quality uniforms, dependable delivery times and a competitive pricing. I thought, what the heck, it's got to be better than the companies we have used so I gave Walker Uniform rental a try.

Jordan Walker was right on all counts, I'm glad I switched when I did. The delivery driver is Alan and he is always in a good mood and acts like he enjoys his job. Alan never makes mistakes.

The uniforms are always clean and in the right spot for the Midwest Tire crew.

I have the added benefit of knowing my money is spent right here in Omaha and not going to some other state. I prefer to buy local and keep Nebraskans working when I can.

I would strongly recommend all business owners who need dependable uniform service to give Jordan Walker from Max I. Walker uniform rental a try.

Sincerely,
